Desserts

WORLD'S UGLIEST CHOCOLATE CAKE

This dessert delight contains the three major dessert food groups, Milk Chocolate, Swiss Chocolate, and Dark Chocolate. Next we add a fudge that is illegal in most European Countries. Not stopping there we have wrapped it in two types of icing: Classic Cocoa and Butter Cream Chocolate. So you can clearly see we had no time to make her pretty. Order a slice today and prove that it is what's on the inside that matters most.

KEY LIME PIE

Our bartenders have perfected the art of turning fresh fruit into amazing drinks. Well they had a meeting with our Snooty Chefs and a Key Lime Pie was born!!! It won't be pretty to look at but your fork will be so happy you ordered it. Giant and able to be shared but you will regret it!

CHEESE CAKE

Ok here it is. We said we would never have one on the menu. But the OWG scientists have figured out a way to make a cheese cake arrive at your table and not be a slither of what you really want. The formula is simple: Take the normal restaurant portion of cheese cake and multiply it by a factor of two. Unlike the repair of NC Highway 12 this project is ahead of schedule and offered at half the price. NOTE: While flavors may vary the end result will be smiles for miles!

THERE IS A NEW BAKER IN THE BUILDING!

We have brought in a new baker, the head of Scratchmade Snackery in Hatteras, to handle all of our desserts, all made from scratch using fresh ingredients. Ask your server about any dessert specials available today. Trust us you won't regret it!

21+ Desserts

GUINNESS FLOAT

Guinness Stout served in a frosty mug with a giant scoop of vanilla ice cream and then drizzled in chocolate syrup. Try it, you won't be disappointed.

CHOCOLATE LOVER'S MARGARITA

Patron Silver Tequila, Creme de Cocoa, fresh cream, strawberry puree, and a little squeeze of chocolate syrup. There is nothing wrong with having this cocktail before your dinner.

CHAMPAGNE & BERRIES

A pleasant glass of our Kenwood Cuvee with fresh berries. Keep it simple, light, and fresh!
